Allegation(s)/Relationship(s)

Alleged Perpetrator: EICKMEIER, JULIA

Alleged Victim: Kramer, Madeline

Relationship: Mother

Allegation: 10a- Substantial Risk of Physical Injury/Environment Injurious to Health and Welfare – Incidents of Violence or Intimidation

Allegation Finding: Unfounded

Evidence suggesting an incident occurred and that the alleged perpetrator is responsible:

Reporter responded to a domestic dispute call at Julia's home from Source. Source said he went to the home to pick Madeline up for his visit when Julia "flipped out". As Source was holding Madeline, Julia threw a bag of toys across the yard. Madeline was crying so Source put her down to pick up the toys. Julia ran over and picked Madeline up. Julia then pushed Source while she was holding Madeline. Julia refused to allow Source to take Madeline for his visit. Kevin reports that the incident upset Madeline and she was crying. Kevin indicates Julia pushed him while she was holding Madeline. State's Attorney has filed charges for battery.

Evidence suggesting an incident did not occur or that the alleged perpetrator is not responsible:

Julia reports she tossed toys in the yard because Kevin was standing in road with Madeline and would not get out of road despite being asked to and it was unsafe for Madeline. She reports she asked Kevin to leave multiple times and he would not and blocked her entrance to her trailer. She denies she pushed Kevin. Child was not injured. Police did not arrest Julia.

Allegation Rationale:

Substantial Risk of Physical Injury/ Environment Injurious to Health and Welfare is recommended unfounded. Madeline was not injured. Julia denies she pushed Kevin. Police did not arrest Julia.

According to Rules and Procedures 300, the definition of Substantial Risk of Physical Injury is that "the parent, caregiver, immediate family member, other person residing in the home or the parent's paramour, has created a REAL AND SIGNIFICANT DANGER of physical injury which would likely cause disfigurement, death or impairment of physical health or loss or impairment of bodily functions.

This allegation of harm is to be used when the type or extent of harm is undefined but the total circumstances would lead a reasonable person to believe that the child is in substantial risk of physical injury. This allegation also includes incidents of violence or intimidation directed toward the child which have not yet resulted in injury or impairment but which clearly threaten such injury or impairment (Abuse) or placing a child in an environment which is injurious to their health and welfare (neglect).

Child Protection Investigator (CPI) Dawn Mateika met with alleged perpetrator.

CPI introduced self and showed State Id.

CPI gave and explained the Notification of Report of Suspected CA/N and Information Brouchure.

Client demonstrated understanding of forms, signed, and had no questions.

CPI gave and explained Appeals Brochure.

There are no racial or cultural barriers that affect the delivery of services to the family.

CPI conducted adult substance abuse screen with client and shared results (please see substance abuse screen which was completed in SACWIS). Client denies any substance abuse issues and there are no recommendations from this assessment.

CPI conducted domestic violence screen with client (Please see domestic violence screen which was completed in SACWIS). Client denies any current or past domestic violence issues. There are no recommendations from this screen. CPI completed home safety checklist, which client signed. Parent denies residing out of state. She denies any native American ancestry.

CPI interviewed Julia and she states:

Julia initially indicated she wanted to interview with her attorney present. CPI told her that could be arranged and reminded her of that several times when she began talking. She reported the incident started when Kevin, father had to perform at a concern for work and wanted to take Madeline. She wanted to assure that Madeline would be supervised and safe while he was working. Kevin said Madeline could run around on the stage while he was performing. She did not believe this would be safe. She was worried about his ability to supervise while he was working. It was a festival so she was worried people would be drinking. He then said his friends parents would baby sit. The parent has Parkinson and she did not believe this would be adequate. She told him she has right of first refusal if he is using a babysitter. She reports initially Kevin was holding Madeline on the street. She asked him to get him off the street and he refused. She took bag of toys from him and tossed them in yard to encourage him to get Madeline off the street. He then closed her trailer door and refused to move so she could get in the trailer. She asked him to leave many times and he wouldn't. She told him standing in front of door and refusing to move was an attempt to intimidate her. He finally left and told the police she pushed him. She denies she pushed him.

She reports she lived with Kevin on and off for a year and a half. She reports when she got pregnant Kevin became aggressive and would quickly get angry. He would shove things in her face, scratched her

several time and threw things. He has threatened to choke her and to kill her. In the past Kevin's mother questioned if he had a mental illness. She reports on April 14th Kevin pushed her. She had invited him to go with her and Madeline so he could see Madeline ride a pony. Kelvin was at car talking to Madeline and then pushed Julia.

Kevin told her he never wanted full custody of Madeline, his parents pushed him to push for it.
